P. O. Box 340
Hillsboro, Illinois 62049

Dear Mr. Walsh:

This will acknowledge receipt of your letter dated May 27, 1977.

Your plan to hire a local grading contractor to recover the site in the near future is acceptable. All refuse should be covered with two (2) feet of compacted earth. It is recommended that the area be seeded to protect against additional erosion.

I would appreciate it if you would inform me what your refuse disposal arrangements are at the present and when the site covering work has been completed.

Your cooperation in this matter will be appreciated.

Sincerely,

KJM
